Session 01: World Building

Narrative Design Boot Camp

Stefan Petrovici – Student Worksheet

R.E.I (The Retrieval and Extraction Industries) is making money out of employing cheap labour for complex extraction missions in space. They could not have predicted what the hirelings would uncover will topple their dark plans.

The Gameplay
Co-op Exploration + Salvage
Theme
Exploring an abandoned ship and salvaging valuables / piecing out cause of hazard
Goal/Conflicts
Reporting what happened to the abandoned ships found and recovering the original mission's target objectives

AI Image used for educational purposes only

Type of Gameplay
Lethal Company

COMBAT
- Some items can be used for damage
- Click to use item
- Special items for traps or etc.
- Multiple monsters, each with different behaviors

GAMEPLAY
- Sci-fi Co-op, 3D
- Abandoned facility Exploration
- Multiple Locations
- Interior/Exterior Building Designs
- First Person Perspective

Dialogue inspired from Alien: Isolation

DIALOGUE
- In-game locations
- No UI dialogue box
- Linear story
- Player can move while NPCs keep talking
- (05-25 words*)
  *per player tap

MOVIE & TRAILER	GAMEPLAY REASONING	POSTER	IMDB DESCRIPTION
Alien TRAILER	- The crew enter a mysterious desolate alien ship and they bring back a parasite to their own ship, which then makes them feel like prisoners on their own grounds - The ship has different systems and rooms that need to be maintained		Alien follows the seven-member crew of the commercial space tug Nostromo as they are hunted by a deadly extraterrestrial creature after investigating a mysterious distress signal.
Event Horizon TRAILER	- The sense of unknown and mystery for entering a place you can't figure out - Various devices with different technology		A rescue crew is dispatched to investigate the Event Horizon, an experimental starship that vanished into a black hole years prior and suddenly reappeared near Neptune.
Sunshine TRAILER	- Hints when entering the other ship: dust in the air that informed that the residents were dead, overgrown plants, etc. - The enemy circled around the players and entered their own ship when they weren't looking		En route to reignite Earth's dying sun, the crew of Icarus II picks up a distress beacon from Icarus I, the original mission ship that disappeared seven years earlier. Deciding to board and salvage its payload alters their trajectory with catastrophic consequences.

TV SHOW & TRAILER	GAMEPLAY REASONING	POSTER	IMDB DESCRIPTION
The Nightflyers TRAILER	- Figuring out a mystery just from context clues - Different kinds of threats, not just at the system AI level, also biological, psychological, etc.		A crew of scientists embarks on a mission aboard a ship called the Nightflyer to investigate a mysterious alien signal, but they soon begin to question if something is already on the ship with them.
The Expanse TRAILER	- Resembles Alien - Triggering a biological hazard		In Season 1, the ice freighter Canterbury responds to a distress beacon from an abandoned transport ship, the Scopuli. Boarding the vessel sets off a chain reaction that uncovers an alien biological threat and triggers an interplanetary conflict.
Origin TRAILER	- Abandoned ship, failing systems - Realising from clues that something is wrong		A group of strangers wake up from damaged cryo-sleep pods on an interstellar colony ship (The Origin) that has been abandoned by its crew and is drifting through deep space. As they try to piece together what triggered the emergency signal and why they were left behind, they realize something lethal boarded the ship with them.

VIDEO GAME & TRAILER	GAMEPLAY REASONING	POSTER	GAME SUMMARY
Alien: Isolation TRAILER	- First-person - Stealth horror - Smart AI that challenge player strategies - Derelict spaceship - Dialogue system that lets you interact with NPCs and get information from them		Discover the true meaning of fear in Alien: Isolation, a survival horror set in an atmosphere of constant dread and mortal danger. An alien is present on the ship and you must avoid it at all cost, the only problem is, it learns your patterns.
Lethal company TRAILER	- First-person - Multiple mysterious creatures you need to run off from - Horror - Dilapidated buildings, facilities - Co-op - You need to carry resources from the facility to the outside - You are rewarded based on what you extract		A co-op horror about scavenging at abandoned moons to sell scrap to the Company. Encounter multiple enemy types and try to stay alive in the harsh conditions of abandoned space buildings.
Species: Unknown TRAILER	- First-person - Mysterious ship hazards - Co-op - Horror - Players encounter one big threat that is randomly selected per mission		Species: Unknown is a 1 to 4 players co-op survival horror. Complete high-risk missions aboard an abandoned ship while being hunted by an unknown creature. Survive and upgrade your gear to face each new threat that lurks in the dark.
